

GET INVOLVED

TENANTS' & RESIDENTS' GROUPS

If you would like to become involved in tenant participation, and would prefer to do this by meeting with other tenants or residents in your area then there may be an existing group in your community which you can join. Below are the details of existing groups throughout our area.

If there is not a tenant group in your community you may want to get together with others to start one. You can get support to do this from our Community Involvement staff, please give them a call on 01349 855976. We can provide advice and financial support to help with start-up and running costs.
